E. The following criteria will be used to establish need-to-know:

1. Direct involvement in authorization legislation pertaining to Intelligence Community agencies;
2. Direct involvement in appropriations legislation for Intelligence Community agencies;
3. Direct involvement in reviews authorized by law of activities of Intelligence Community agencies;
4. Direct involvement in oversight responsibilities carried out by the Senate Select Committee on Intelligence and the House Permanent Select Committee on Intelligence;
5. Direct involvement in other legislative matters which of necessity require direct access to compartmented intelligence.

In most cases, the need for substantive intelligence can be fulfilled without disclosing the source or method of acquisition. Therefore, every effort will be made to satisfy Congressional requirements for information by providing noncompartmented or sanitized material which does not reveal the manner of collection or acquisition. Direct access to compartmented information will not be approved unless sanitization or the provision of noncompartmented information is shown to be inadequate to meet the Congressional requirement.

F. Access approvals will be valid only so long as they are necessary, and approvals granted for particular requirements will be terminated when those requirements have been met. All approvals will be included in the central data base maintained by the Special Security Center under the direction of the DCI's Director of Security.

G. All persons, excluding Members of Congress, granted access to compartmented intelligence information shall have been the subject of a prior investigation meeting the criteria set forth in DCID 1/14. Security investigations of Congressional staff persons may be conducted under agreed upon arrangements with chairmen of committees or subcommittees, as appropriate. Investigations generally will be conducted by the Department of Defense, the FBI, or the Civil Service Commission, depending upon the particular arrangements made. The agency or department sponsoring the clearance will assume responsibility for assuring the conduct of an appropriate investigation. Security determinations made by sponsoring agencies or departments will be reviewed by the DCI's Director of Security to assure the proper uniform application of security criteria under DCID 1/14.
